

Take the Operation Clean Sweep® Pledge

▶ P L E D G E

Our company recognizes the importance of preventing the loss of resin pellets into the environment and we are committed to implementing the Operation Clean Sweep® program.

We will be an OCS Program Partner, strive towards zero pellet loss and:

- **Make changes wherever possible and practical to:**
 - **Improve our worksite set-up to prevent and address spills;**
 - **Create and publish internal procedures to achieve zero pellet loss goals;**
 - **Provide employee training and accountability for spill prevention, containment, cleanup and disposal;**
- **Audit our performance regularly; and**
- **Comply with all applicable federal, state and local regulations governing pellet containment.**

Zero
Pellet Loss

How is your facility handling pellets today?

When facilities implement OCS:

- Pellets are kept out of the natural environment
- Companies enhance their reputation with customers and the community
- Accidents can be reduced
- More material becomes product rather than waste, improving efficiency
- Savings can be realized in high cost items such as insurance
- Penalties and fines can be avoided

Operation Clean Sweep® Tools and Resources

OCS Materials are available in both English and Spanish
